## MICROCLEAR Gloss 4540

### Commercial-In-Confidence Statement of VOC in Coating

The method for the determination of VOC levels of the listed products is detailed in  
South Coast Air Quality Management District (California, U.S.) –  
Rule 1136 (Wood Products Coatings)

Product	Description	VOC Content
4540	MICROCLEAR Gloss	40 g/L

Note: The VOC levels have been determined by the calculation method. The information used is based on supplier information (e.g. SDS and Datasheet) for the ingredients and our own formulation of the coating. The VOC content above is the maximum VOC exclusive of water and exempt compounds.

This declaration is provided in good faith and the information contained herein is based on data considered accurate at the time of preparing this document. No warranty is expressed or implied regarding the accuracy of this data. This declaration is not intended in any way to be a warranty of performance or compliance to any specification, expressed or implied.
